“ A book about what 'thinking' looks like. ”

*World Chess, New York*

“ David Llada's pictures are full of life, and they are colourful even if black-and-white. Precisely as the game of chess itself. ”

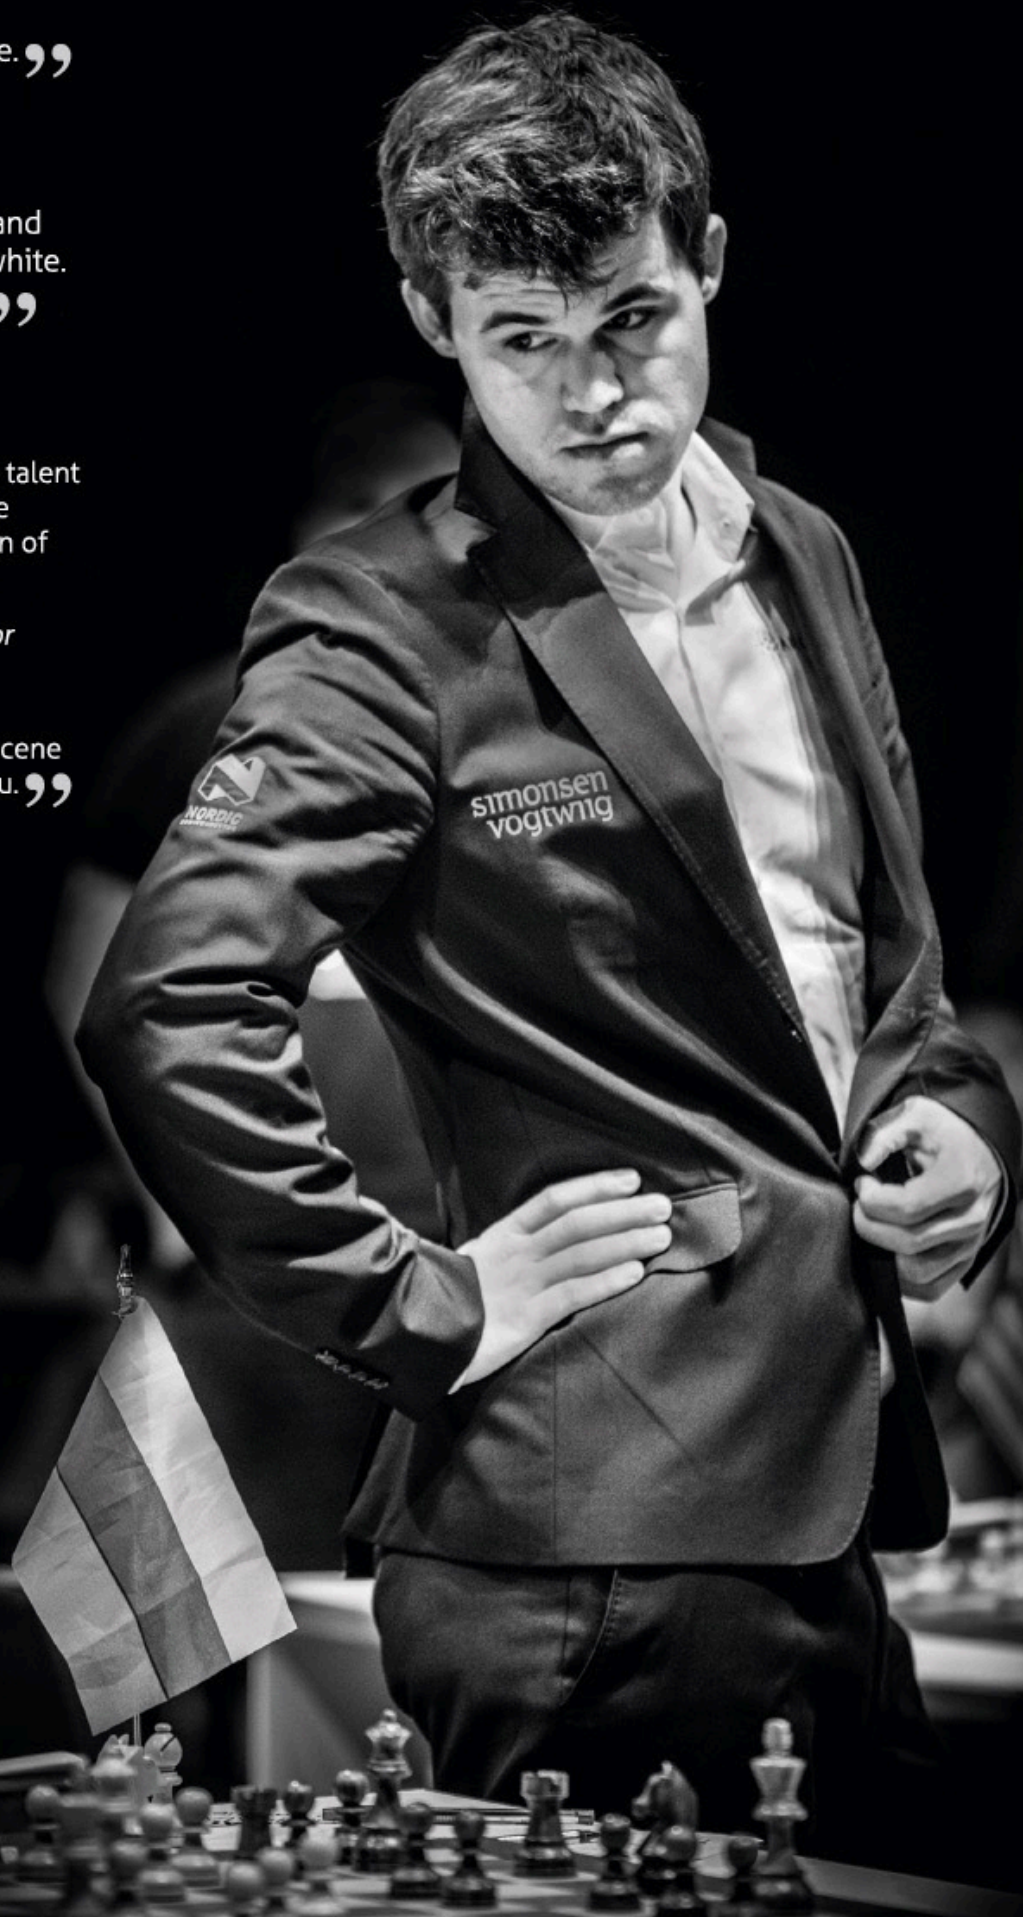

*Emil Sutovsky, ACP President*

“ We should be thankful that David Llada's talent has landed in our game. His unforgettable portraits actually boosted the resurrection of chess in print. ”

*Josip Asik, American Chess Magazine editor*

“ Nowadays, you are nobody in the chess scene until David Llada has taken a photo of you. ”

*David Martinez, Chess 24*
